**the symbol will turn blue**

Touch
Sound Effects

Sound Effects

Many choices! Touch each sound clip to hear it

Before adding, swipe your finger right on the Worktable to move your clips so the Playback Bar is at the start of your film
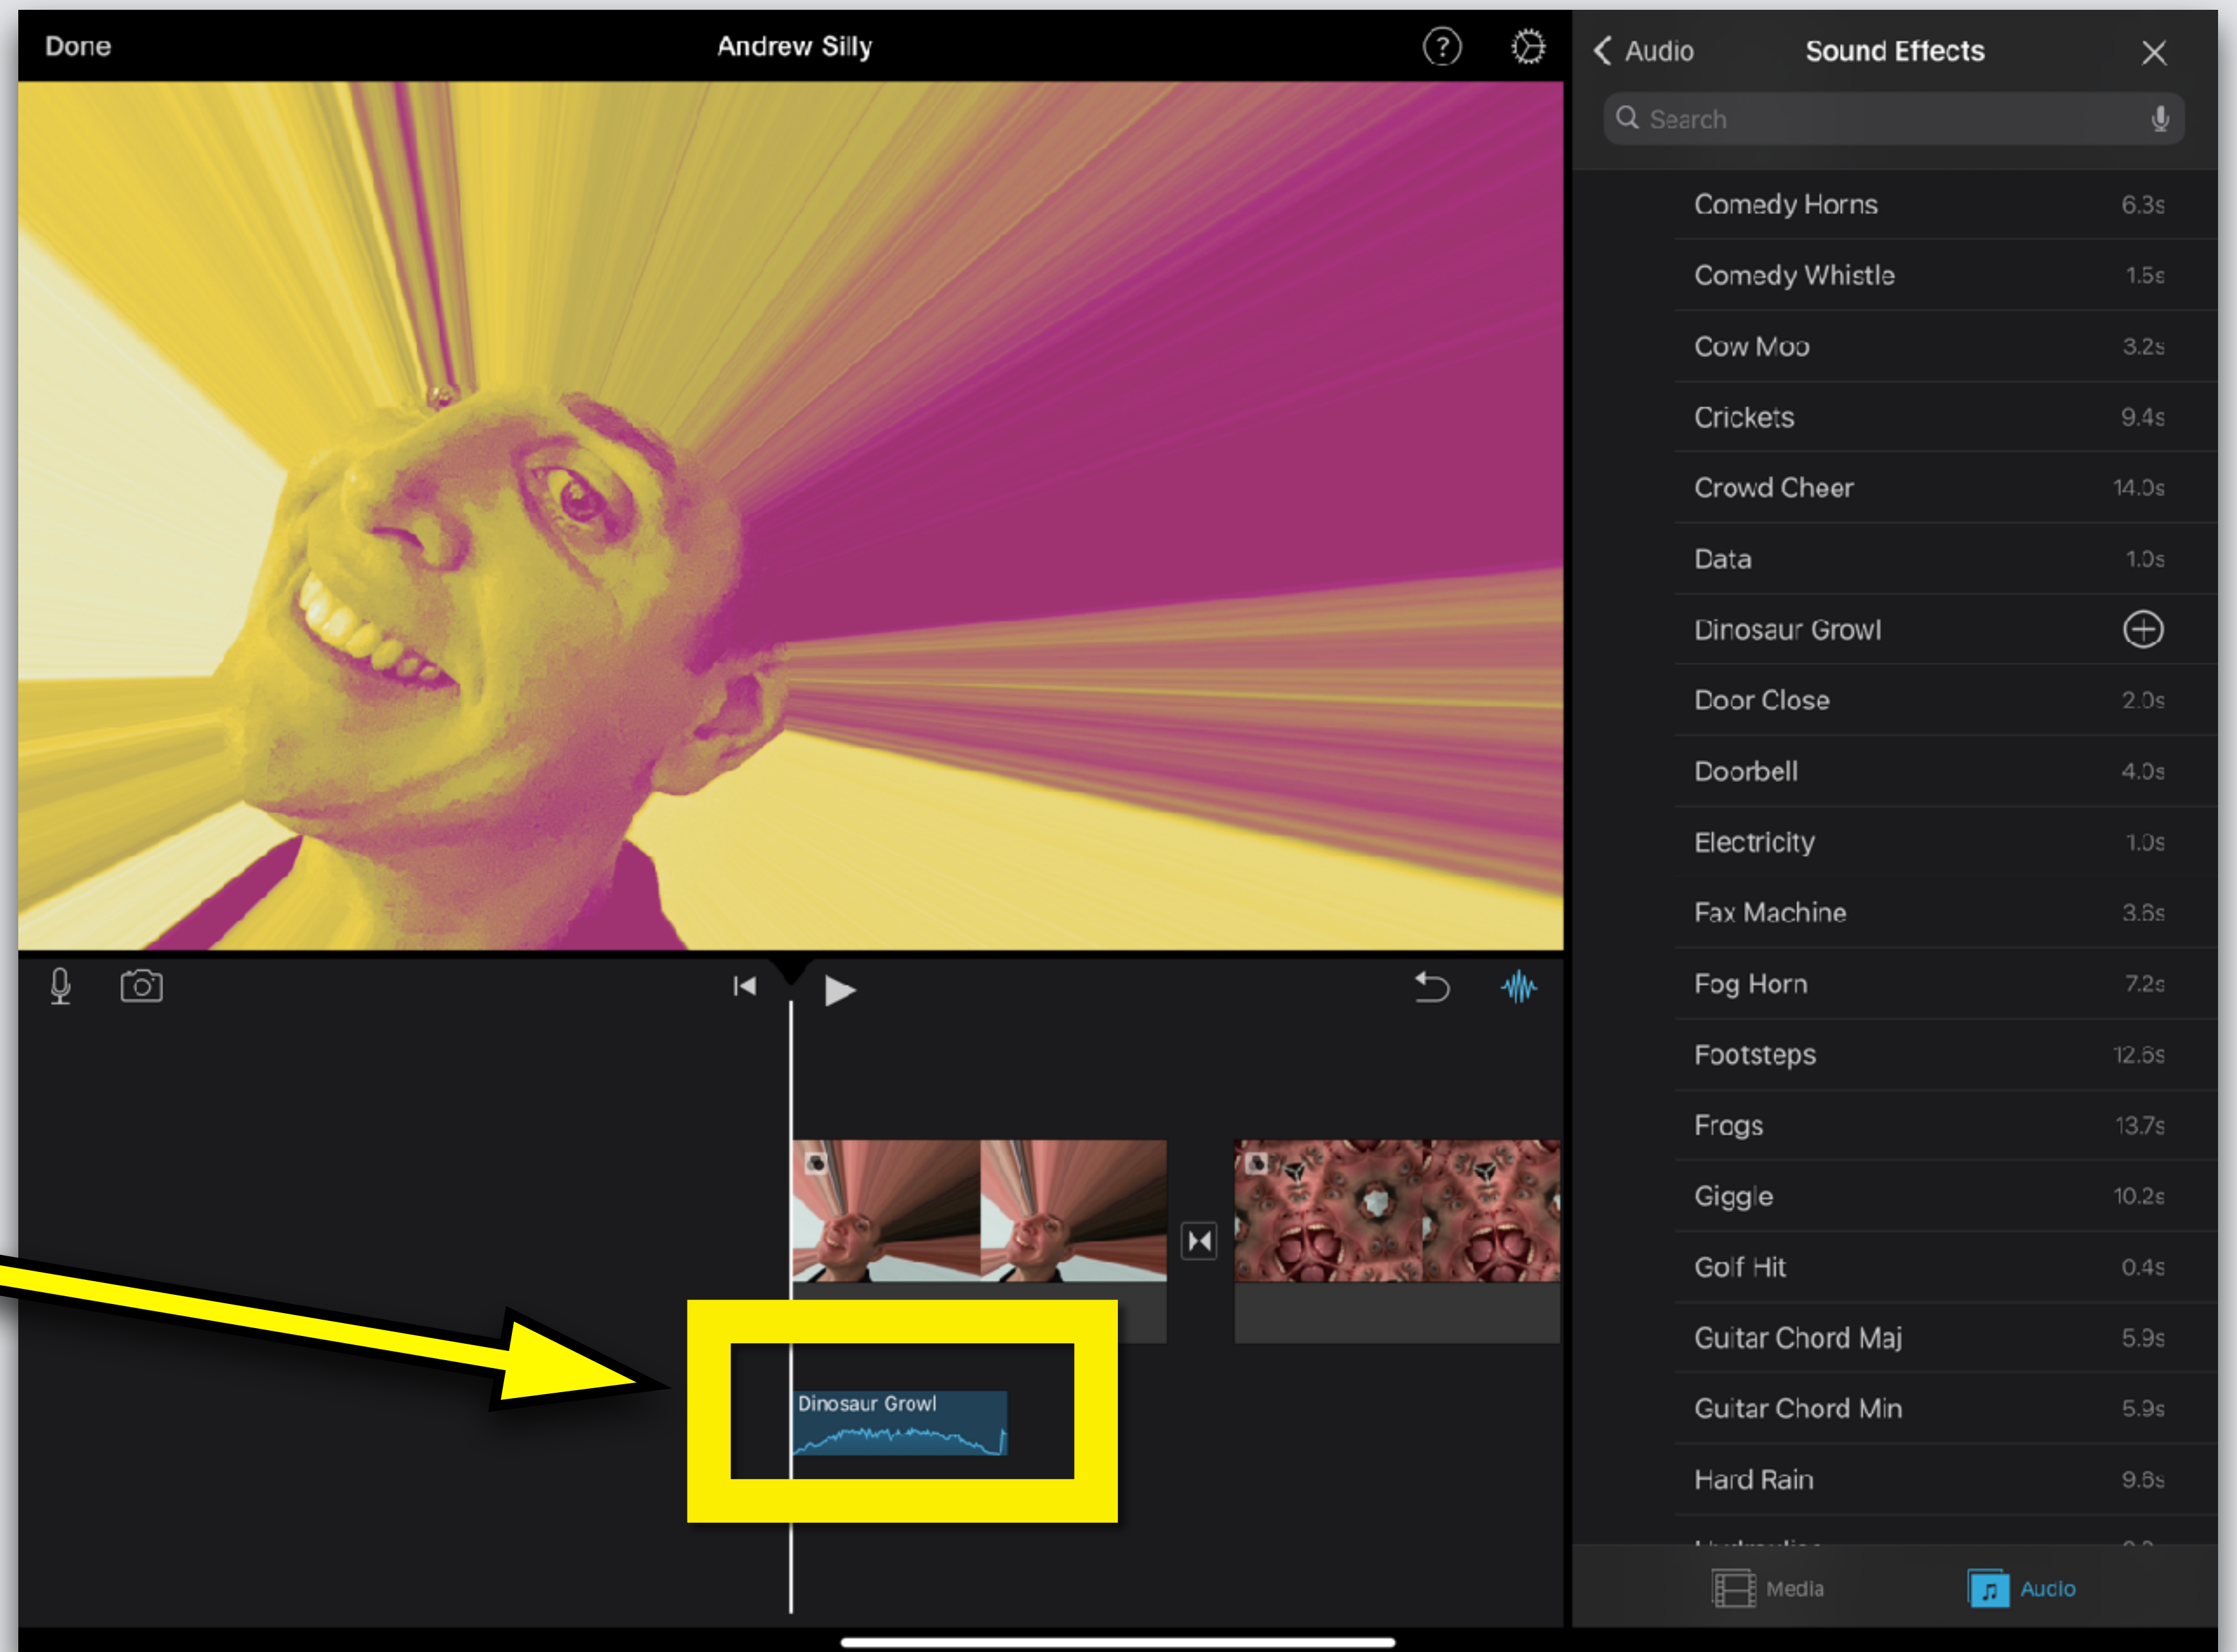

# Then touch the plus sign to add it to the movie

The Sound Effect drops into your worktable under the picture
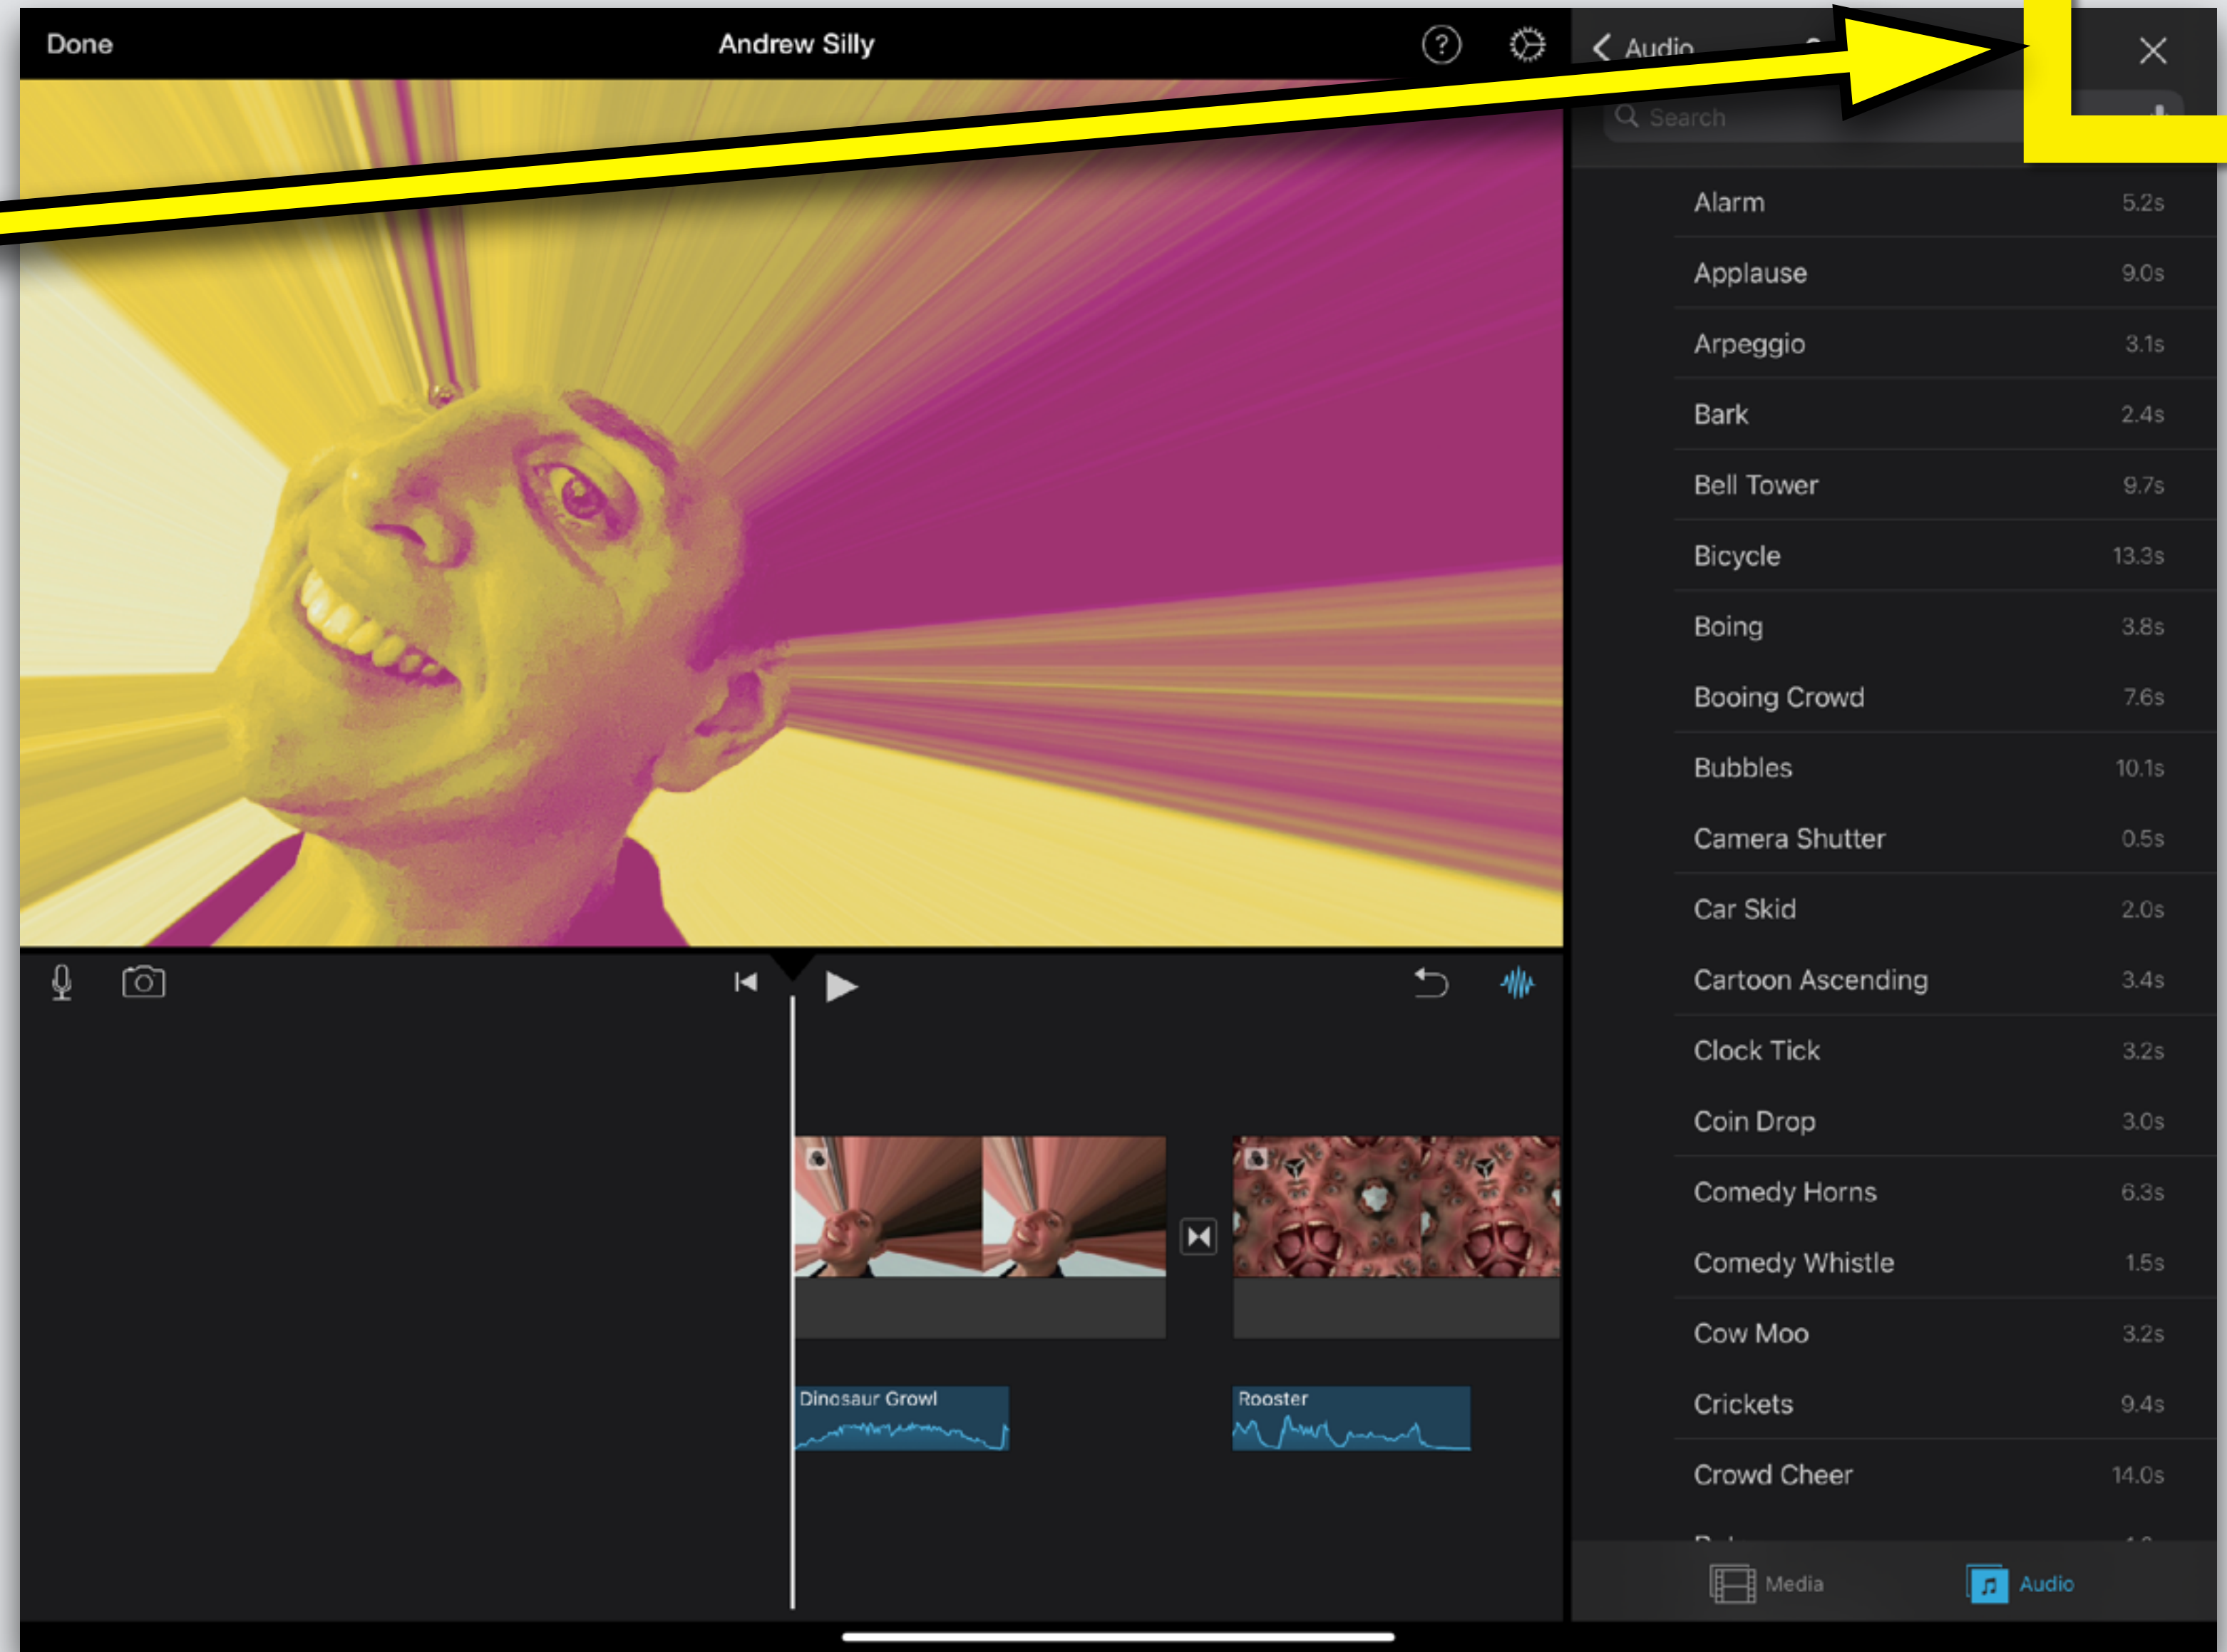

See the blue rectangle?

Slide your finger on the Worktable until the Playback Bar is at the start of your 2nd picture, then add another Sound Effect

Slide your finger on the Worktable until the Playback Bar is at the start of your 3rd picture, then add a Sound Effect

**Touch the x to close the Media section until we need to use it again**

Move Sound Clips

Touch and hold your finger on sound clip

**Clip jumps, don't let go, keep holding**

**Slide sound clip left or right and drop into new place**

Edit Sound Speed

**Touch sound clip to highlight**
Then touch Speed symbol on menu
Speed

A slider appears

Drag the circle left on the slider towards the turtle to slow down, or right toward the rabbit to speed up
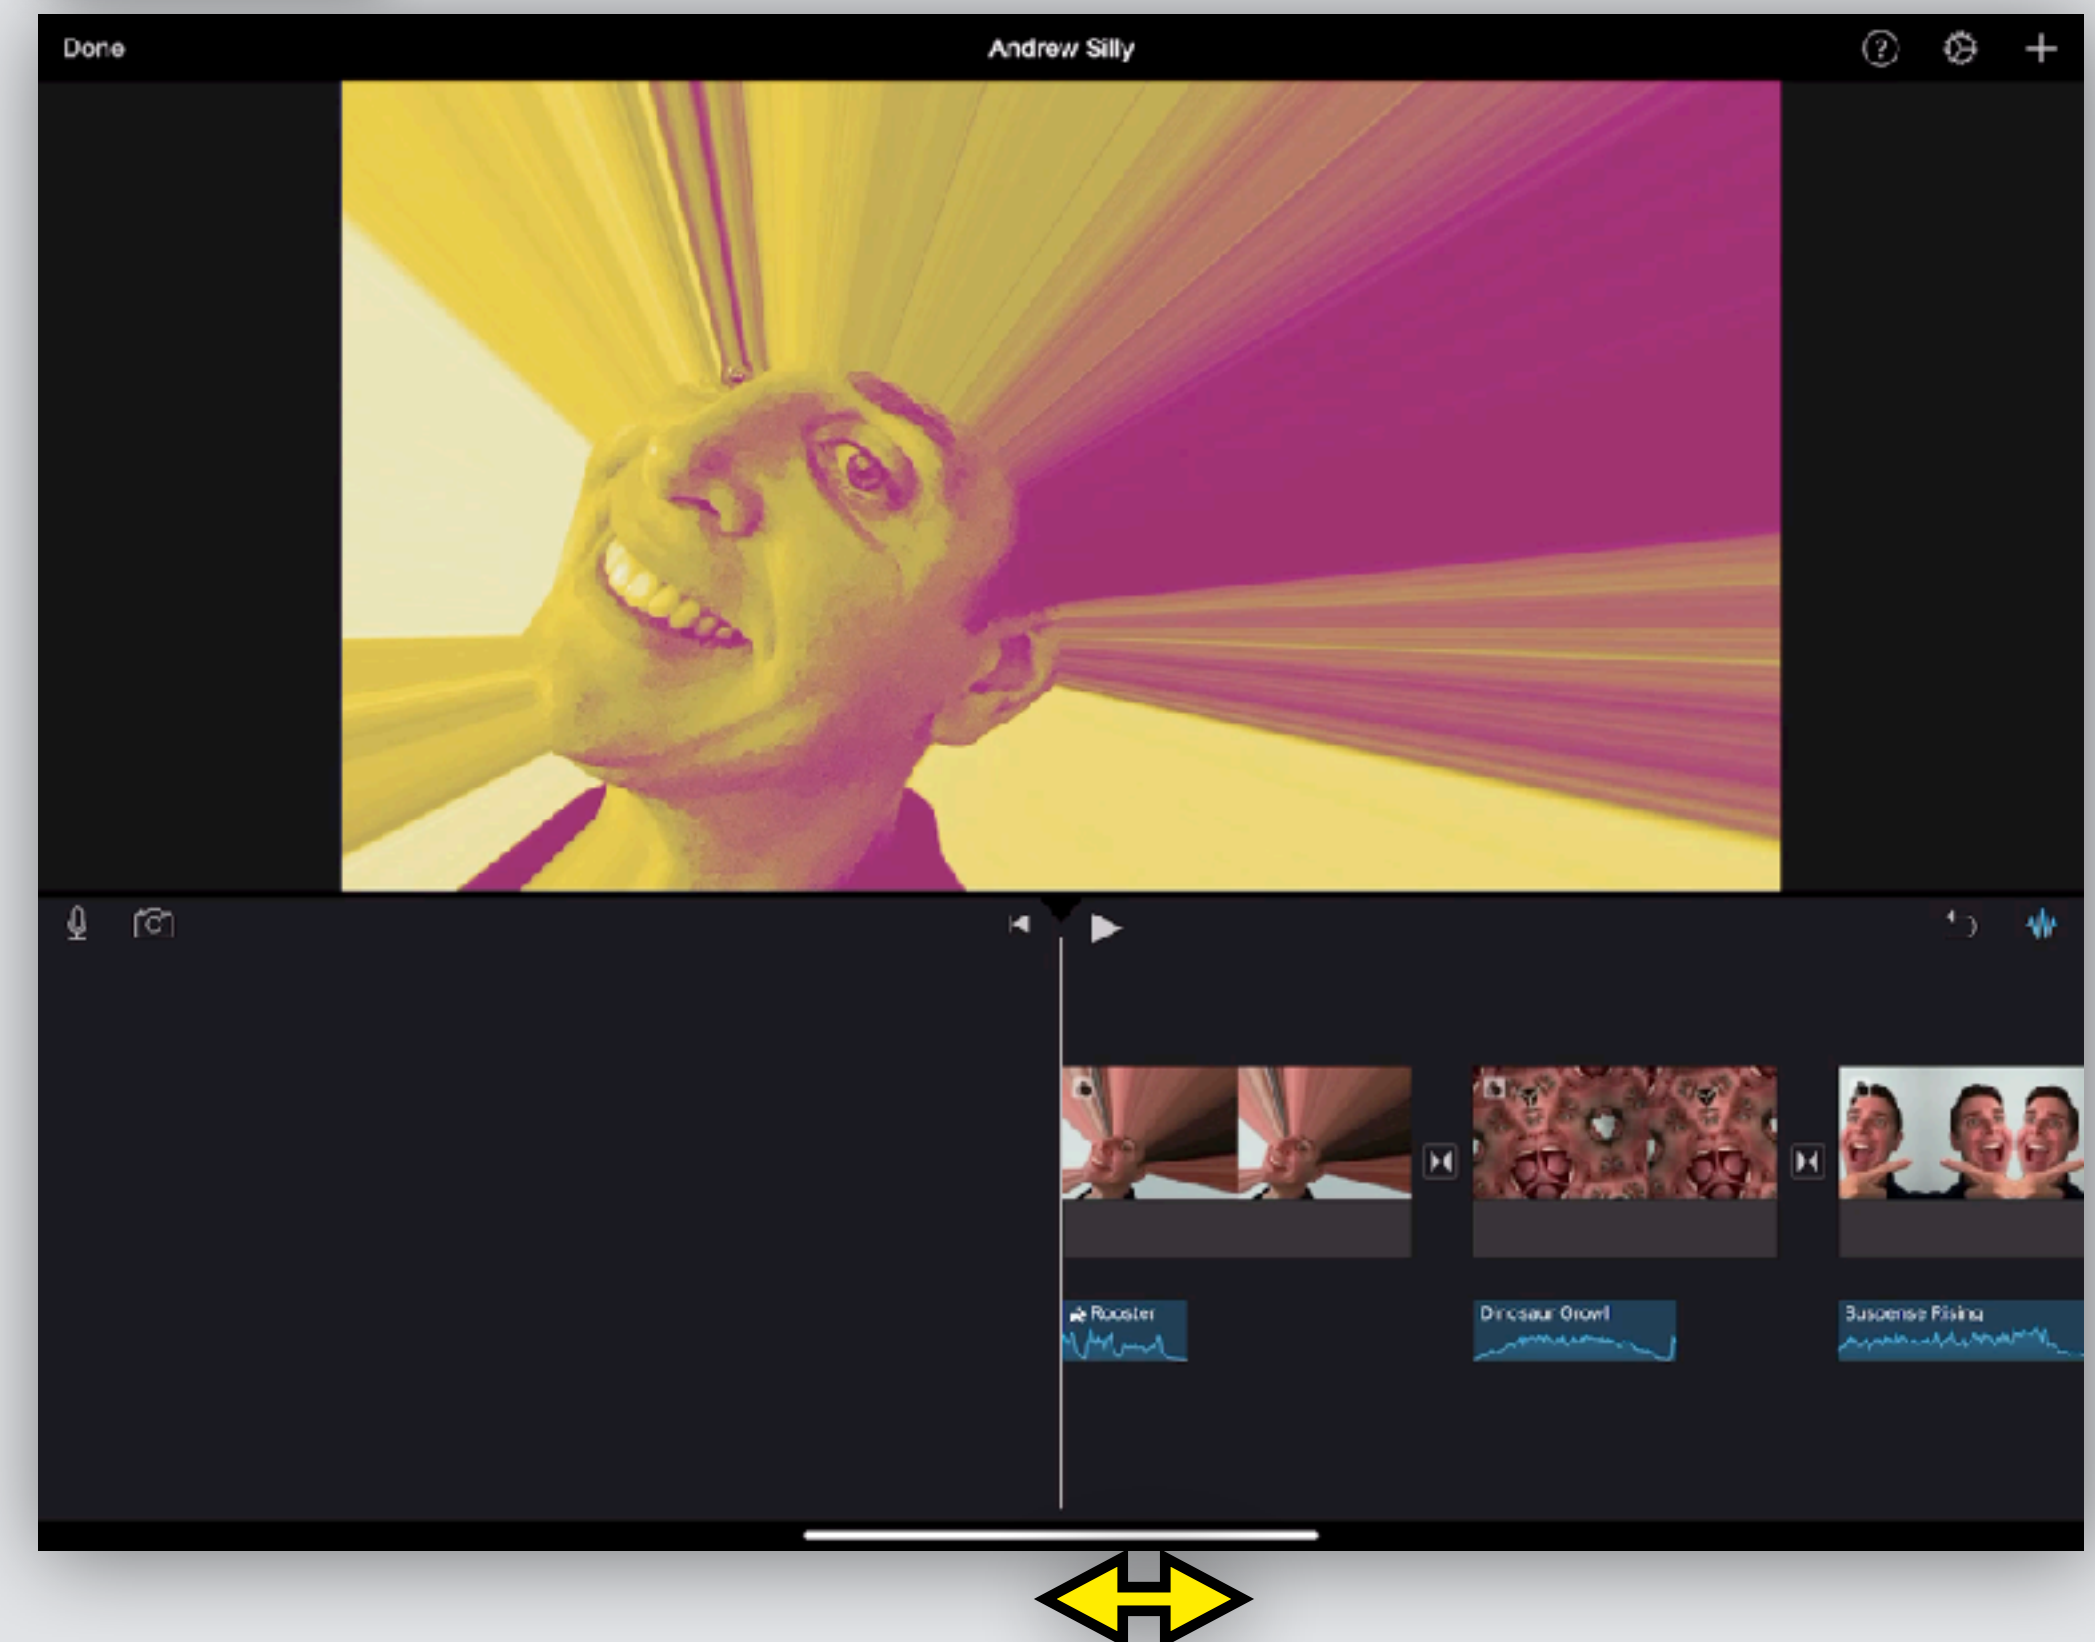

# If you opened this on an Apple device, tap the screen and then press play button to listen to the same clip in slow & fast
 Slow makes clip longer
 Fast makes clip shorter

Touch Action symbol to go back to menu

www.ableopps.com
